A Memory of Two Mondays: Amazon.co.uk: A. Miller: Books

A Memory of Two Mondays, dismissed by one critic as 'uninterruptedly bad' and another as a 'pedestrian chronicle', is a play which Miller insisted was written with much affection. The result was neither pedestrian nor warm-hearted. Most of the characters are stunned into spiritual immobility, passing the time as the seasons change.

A Memory of Two Mondays and similar plays | Frankensaurus.com

A Memory of Two Mondays is a one-act play by Arthur Miller. Based on Miller's own experiences, the play focuses on a group of desperate workers earning their livings in a Brooklyn automobile parts warehouse during the Great Depression in the 1930s, a time of 25 percent unemployment in the United States. Concentrating more on character than plot, it explores the dreams of a young man yearning ...

Directed by Silvio Narizzano. With Mark Baker, Alan Bates, Tom Busby, Gary Colleano.

THE STORY: Writing of *A MEMORY OF TWO MONDAYS*, Chapman called it: a one-act fragment about people who work in an automobile parts warehouse in the early Roosevelt days. Properly speaking, it has no plot--yet something does happen to almost everybod

This Student Edition of *A Memory of Two Mondays* is perfect for students of literature and drama and offers an unrivalled and comprehensive guide to Miller's play. It features an extensive introduction by Joshua Polster which includes a chronology of Miller's life and times, a summary of the plot and commentary on the characters, themes, language, context and production history of the play. Together with over twenty questions for further study and detailed notes on words and phrases from the text, this is the definitive edition of the play. The one-act play *A Memory of Two Mondays* (1955) is one of Miller's most overtly autobiographical works. It chronicles the playwright at the age of eighteen during the early 1930s when he briefly worked at an auto parts warehouse in New York to save enough money to attend college. More than just autobiographical, the play captures the sociopolitical climate of the Great Depression. It deeply resonates and brings to the surface the cultural concerns and anxieties of the period. The setting, characters, theme, style, structure and language all exemplify the social and economic tensions of the country when it was at its lowest point in the Depression, and when the country, as Miller saw it, needed a sense of hope, endurance, and solidarity. At the same time, the play speaks to the 1950s, when the country was being torn apart by McCarthyism. *A Memory of Two Mondays* responded to a culture caught in the grip of a Communist hysteria that turned people against each other.

In "Danger: Memory!" Two contrasting but thematically related one-act plays, *I Can't Remember Anything* and *Clara*, are concerned with remembrance. The first play portrays the shared and disputed recollections of two elderly friends, and *Clara* dramatizes the resistance to brutal present-day fact when a young woman's father speaks with a detective investigating her murder. Like all of Miller's plays, *Danger: Memory!* holds the powerful emotional charge and social perceptions associated with his work while reaching for one of the fundamental issues of mankind, the selective amnesia of the past.

A masterful mix of art, sex, and politics behind the Iron Curtain, by America's greatest dramatist In an unnamed Eastern European capital, four writers gather in what was once an archbishop's palace. There is Adrian, a successful American author struggling with questions about a novel he has set in the city, and Marcus, a once-imprisoned radical who has become a darling of the current regime. Finally, there is Sigmund, perhaps the country's greatest living writer, who refuses to compromise his artistic integrity to appease the regime. Between them all is Maya, a poet and actress who has been a mistress and muse to each man. The ornately decorated ceiling above them may or may not be bugged, and the group carefully watches their words as they discuss the play's central dilemma - should Sigmund stay and resist the oppressive state, or should he defect and pursue his art in freedom? Their conversation poses crucial questions about mass surveillance, morality, and the authenticity of art, and remains as relevant today as it was during the height of the Cold War.

Quentin is a successful lawyer in New York, but inside his head he is struggling with his own sense of guilt and the shadows of his past relationships. One of these an ill-fated marriage to the charming and beautiful Maggie, who went from operating a switchboard to become a self-destructive star - a singer everyone wanted a piece of. After the Fall is often seen as the most explicitly autobiographical of Arthur Miller's plays, and Maggie is an unflinching portrait of Miller's ex-wife Marilyn Monroe, only two years after her suicide. But in its psychological acuity and depth, and its brilliant, dreamlike structure, it is a literary, and not just biographical, masterpiece.

Arthur Miller's penultimate play, *Resurrection Blues*, is a darkly comic satirical allegory that poses the question: What would happen if Christ were to appear in the world today? In an unidentified Latin American country, General Felix Barriaux has captured an elusive revolutionary leader. The rebel, known by various names, is rumored to have performed miracles throughout the countryside. The General plans to crucify the mysterious man, and the exclusive television rights to the twenty-four-hour reality-TV event have been sold to an American network for \$25 million. An allegory that asserts the interconnectedness of our actions and each person's culpability in world events, *Resurrection Blues* is a comedic and tragic satire of precarious morals in our media-saturated age.
