Christians and Christianity have been central to Hip Hop since its inception. This book explores the intersection of Christians and Hip Hop and the multiple outcomes of this intersection. It lays out the ways in which Christians and Hip Hop overlap and diverge. The intersection of Christians and Hip Hop brings together African diasporic cultures, lives, memories and worldviews. Moving beyond the focus on rappers and so-called "Christian Hip Hop," each chapter explores three major themes of the book: identifying Hip Hop, irreconcilable Christianity, and boundaries. There is a self-identified Christian Hip Hop (CHH) community that has received some scholarly attention. At the same time, scholars have analyzed Christianity and Hip Hop without focusing on the self-identified community. This book brings these various conversations together and show, through these three themes, the complexities of the intersection of Christians and

Hip Hop. Hip Hop is more than rap music, it is an African diasporic phenomenon. These three themes elucidate the many characteristics of the intersection between Christians and Hip Hop and our reasoning for going beyond "Christian Hip Hop." This collection is a multi-faceted view of how religious belief plays a role in Hip Hoppas' lives and community. It will, therefore, be of great interest to scholars of Religion and Hip Hop, Hip Hop, African Diasporas, Religion and the Arts, Religion and Race and Black Theology as well as Religious Studies more generally.

Rap-A-Lot Records, U.G.K. (Pimp C and Bun B), Paul Wall, Beyonce, Chamillionaire and Scarface are all names synonymous with contemporary hip-hop. And they have one thing in common: Houston. Long before the country came to know the chopped and screwed style of rap from the Bayou City in the late 1990s, hip-hop in Houston grew steadily and produced some of the most prolific independent artists in the industry. With early roots in jazz, blues, R&B and zydeco, Houston hip-hop evolved not only as a musical form but also as a cultural movement. Join Maco L. Faniel as he uncovers the early years of Houston hip-hop from the music to the culture it inspired.

Religious Studies Over the last thirty years African American voices

and perspectives have become essential to the study of the various theological disciplines. Writing out of their particular position in the North American context, African American thinkers have contributed significantly to biblical studies, theology, church history, ethics, sociology of religion, homiletics, pastoral care, and a number of other fields. Frequently the work of these African American scholars is brought together in the seminary curriculum under the rubric of the black church studies class. Drawing on these several disciplines, the black church studies class seeks to give an account of the broad meaning of Christian faith in the African American experience. Up to now, however, there has not been a single, comprehensive textbook designed to meet the needs of students and instructors in these classes. *Black Church Studies: An Introduction* will meet that need. Drawing on the work of specialists in several fields, it introduces all of the core theological disciplines from an African American standpoint, from African American biblical interpretation to womanist theology and ethics to sociological understandings of the life of African American churches. It will become an indispensable resource for all those preparing to serve in African American congregations, or to understand African American contributions to the study of Christian faith. Looks at the diverse definitions and functions of the Black Church as well as the ways in which race, class, religion, and gender

Acces PDF Api 620 Latest Edition Shoowa

inform its evolution. Provides a comprehensive view of the contributions of African American Scholarship to the current theological discussion. Written by scholars with broad expertise in a number of subject areas and disciplines. Will enable the reader to relate the work of African American theological scholars to the tasks of preaching, teaching, and leading in local congregations. Will provide the reader the most comprehensive understanding of African American theological scholarship available in one volume. Stacey Floyd-Thomas, Brite Divinity School Juan Floyd-Thomas, Texas Christian University Carol B. Duncan, Wilfrid Laurier University Stephen G. Ray Jr., Lutheran Theological Seminary-Philadelphia Nancy Lynne Westfield, Drew University Theology/Theology and Doctrine/Contemporary Theology

Hip-hop is here. The beats ring out in our cities. Hip-hop culture is all around us: in the clothes youth wear, in the music they listen to, in the ways they express themselves. It is the language they speak, the rhythm they move to. It is a culture familiar with the hard realities of our broken world; the generation raised with rap knows about the pain. They need to know about the hope. Enter the hip-hop church. Like the culture it rises from, the hip-hop church is relevant and bold. And it speaks to the heart. In this book, pastors Efrem Smith and Phil Jackson show the urgency of connecting hip-hop culture

Acces PDF Api 620 Latest Edition Shoowa

and church to reach a generation with the gospel of Jesus Christ. They give practical ideas from their urban churches and other hip-hop churches about how to engage and incorporate rap, break dancing, poetry and deejays to worship Jesus and preach his Word. Hip-hop culture is shaping the next generation. Ignoring it will not reduce its influence; it will only separate us from the youth moving to its rhythm. How will they hear Christ's message of truth and hope if we don't speak their language? And how can we speak their language if we don't understand and embrace their culture? Hear the beat. Join the beat. Become the beat that brings truth and hope to a hungry, hurting generation.

An introduction to the history of British hip-hop as it finally escapes its reputation as the poor cousin of the American variant with a succession of hugely successful releases by the new stars of 'grime'. Alex Ogg, a notable author in this field having previously written *The Hip Hop Years* (and been a consultant on the accompanying BAFTA nominated documentary strand), *The Men Behind Def Jam and Rap Lyrics: From The Sugarhill Gang to Eminem*, is a long-term commentator on the global breakout of hip-hop. His latest book explores the unique factors at play in the development of this subculture, tracing it right back to the first key releases in the early 80s, to the false

Acces PDF Api 620 Latest Edition Shoowa

dawn of the early 90s, and finally the spectacular success of grime in the last two years. Key landmarks are addressed along that timeline, and important recordings and incidents appraised, including many first-hand quotes. The ill-defined and much misunderstood 'grime' genre is placed in a specific historical context, as well as sections on trip-hop and other contributory/parallel British musics. As well as offering a comprehensive foundation for those who wish to investigate this phenomenon, Ogg provides a recommended listening list as well as snapshots of the new heroes of grime, from Dizzee Rascal and Tinchy Snyder to Tinie Tempah.

Throughout the 1950s and 1960s, the Black Church stood as the stronghold of the Black Community, fighting for equality and economic self-sufficiency and challenging its body to be self-determined and self-aware. Hip Hop Culture grew from disenfranchised urban youth who felt that they had no support system or resources. Impassioned with the same urgent desires for survival and hope that their parents and grandparents had carried, these youth forged their way from the bottom of America's belly one rhyme at a time. For many young people, Hip Hop Culture is a supplement, or even an alternative, to the weekly dose of Sunday-morning faith. In this collection of provocative essays, leading thinkers, preachers, and scholars from around the country

confront both the Black Church and the Hip Hop Generation to realize their shared responsibilities to one another and the greater society. Arranged into three sections, this volume addresses key issues in the debate between two of the most significant institutions of Black Culture. The first part, "From Civil Rights to Hip Hop," explores the transition from one generation to another through the transmission—or lack thereof—of legacy and heritage. Part II, "Hip Hop Culture and the Black Church in Dialogue," explores the numerous ways in which the conversation is already occurring—from sermons to theoretical examinations and spiritual ponderings. Part III, "Gospel Rap, Holy Hip Hop, and the Hip Hop Matrix," clarifies the perspectives and insights of practitioners, scholars, and activists who explore various expressions of faith and the diversity of locations where these expressions take place. In *The Black Church and Hip Hop Culture*, pastors, ministers, theologians, educators, and laypersons wrestle with the duties of providing timely commentary, critical analysis, and in some cases practical strategies toward forgiveness, healing, restoration, and reconciliation. With inspiring reflections and empowering discourse, this collection demonstrates why and how the Black Church must re-engage in the lives of those who comprise the Hip Hop Generation.

Urban God Talk: Constructing a Hip Hop Spirituality, edited by Andre Johnson, is a collection of essays that examine the religious and spiritual in hip hop. The contributors argue that the prevailing narrative that hip hop offers nothing in the way of religion and spirituality is false.
