AS/NZS 3000:2018 Wiring Rules - Standards New Zealand

Electrical installations are now governed by a new set of rules. The new Wiring Rules AS/NZS 3000 has been developed by Standards Australia and industry experts. Compliance with the new Wiring Rules AS/NZS 3000 will be applied on a mandatory basis in accordance with relevant State legislation. Essential for electricians, inspectors and regulators, AS/NZS 3000 specifies the electrical installation safety requirements for all premises in Australia and New Zealand.

Wiring Rules AS NZS 3000:2018 | SAI Global

AS/NZS 3000:2018, Electrical installations, known as the Wiring Rules, are the technical rules that help electricians design, construct and verify electrical installations. Developed by the committee EL-001, the Wiring Rules consist of two separate parts. Part one outlines fundamental safety principles that shape minimum regulatory requirements for safe electrical installation, and part two details solutions to achieve safety principles for the electrical installation work.
