From one of America's most renowned film scholars: a revelatory, perceptive, and highly readable look at the greatest silent film stars -- not those few who are fully appreciated and understood, like Chaplin, Keaton, Gish, and Garbo, but those who have been misperceived, unfairly dismissed, or forgotten. Here is Valentino, "the Sheik," who was hardly the effeminate lounge lizard he's been branded as; Mary Pickford, who

couldn't have been further from the adorable little creature with golden ringlets that was her film persona; Marion Davies, unfairly pilloried in Citizen Kane; the original "Phantom" and "Hunchback," Lon Chaney; the beautiful Talmadge sisters, Norma and Constance. Here are the great divas, Pola Negri and Gloria Swanson; the great flappers, Colleen Moore and Clara Bow; the great cowboys, William S. Hart and Tom Mix; and the great lover, John Gilbert. Here, too, is the quintessential slapstick comedienne, Mabel Normand, with her Keystone Kops; the quintessential all-American hero, Douglas

Fairbanks; and, of course, the quintessential all-American dog, Rin-Tin-Tin. This is the first book to anatomize the major silent players, reconstruct their careers, and give us a sense of what those films, those stars, and that Hollywood were all about. An absolutely essential text for anyone seriously interested in movies, and, with more than three hundred photographs, as much a treat to look at as it is to read.

Despite being a mediocre actress with less than classic beauty, Theda Bara was one of Hollywood's leading performers in the early

years of cinema. Her success was mostly due to Fox Studio's publicity: they made her a screen vamp and used her to titillate the public. And Theda Bara, ambitious and nearing 30 when she made her first film, enthusiastically played the role. In real life, Theodosia Goodman bore little resemblance to the vampish Theda Bara character. But the studio-created persona, with the invented name, evil personality and fictional history, was a major star. Though her films were often trite, poorly acted, extravagant and crude, the public packed movie houses. But her film career ended once

the public tired of the persona. Through contemporary newspaper accounts, film reviews, interviews and other sources, this is a comprehensive account of the life and times of one of Hollywood's first female stars.

Olive Thomas was one of Hollywood's first true movie stars. Born in Charleroi, Pennsylvania, in 1894, she moved to New York at age sixteen and began to pursue an acting career. By 1915, she had landed a job as one of Ziegfeld's famous "Follies" girls. Before long her beauty was discovered by Hollywood,

where she quickly became one of the biggest names in motion pictures. Her marriage to film star Jack Pickford further enhanced her popularity. Olive's death by poison on September 10, 1920, created a media circus. This biography begins with Olive's birth, follows her trip to stardom, and covers in detail the circumstances surrounding her mysterious death at age 25. Rare and beautiful photographs and a complete filmography are included.

the improbable rise and stunning fall of Roscoe "Fatty" Arbuckle from his early big screen success to his involvement in actress Virginia Rappe's death, and the resulting irreparable damage to his career. It describes how during the course of a rowdy party hosted by the comedian in a San Francisco hotel, Rappe became fatally ill, and Arbuckle was subsequently charged with manslaughter. Ultimately acquitted after three trials, neither his career nor his reputation ever recovered from this devastating incident. Relying on a careful examination of documents, the book finally

In addition, it covers the evolution of the film industry—from the first silent experiments to the connection between Arbuckle's scandal and the implementation of industry-wide censorship that altered the course of Hollywood filmmaking for five decades.
