Get this from a library! Discovering the arts of Japan : a historical overview. [Tsuneko S Sadao; Stephanie Wada]

This handy reference book is perfect for anyone interested in Japanese art, whether they be art history students and enthusiasts or tourists visiting Japan. A comprehensive overview of the major trends in art throughout the history of Japan, Discovering the Arts of Japan includes a select bibliography and list of major museums housing collections of Japanese art. Handsomely presented and easy-to-use, this book offers a valuable introduction to the subject, and encourages further in-depth study of specific periods and art forms.

Discovering The Arts Of Japan is a Kodansha International publication.

The Historical Dictionary of Japan to 1945 spans the entire period from the earliest evidence of human habitation in Japan through to the end of the Pacific War. It includes substantial topics such as cultural and literary history, with entries ranging from aesthetics to various genres of writing. Other branches of history also feature, such as economic history, industrial history, political history, and so forth. And of course there are the makers of Japanese history, ranging from emperors and shoguns to politicians and extremists – as well as foreign arrivals. The early history of Japan is told through a detailed chronology, an introductory essay, appendixes, an extensive bibliography, and over 800 cross-referenced dictionary entries on important people, organizations, activities, and events. The Historical Dictionary of Japan to 1945 will appeal to both academics and the general public who have an interest in Japan, particularly those who want reliable information quickly and easily.

GARDNER'S ART THROUGH THE AGES: A CONCISE GLOBAL HISTORY, 4th Edition provides you with a comprehensive, beautifully illustrated tour of the world's great artistic traditions, and, with MindTap, all of the online study tools you need to excel in your art history course! Easy to read and understand, the fourth edition includes new artists and provides a rich cultural backdrop for each of the covered periods and geographical locations. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The 15TH EDITION of GARDNER'S ART THROUGH THE AGES: A GLOBAL HISTORY, VOLUME II: Don't just show art to your students; take them on a journey through history. Author and award-winning scholar-professor Fred Kleiner continues to set the standard for art history textbooks, combining impeccable and authoritative scholarship with an engaging approach that discusses the most significant artworks and monuments in their full historical and cultural contexts. The most widely read and respected history of art and architecture in the English language for over 85 years, the book's new 15th Edition includes nearly 200 new images, new pedagogical box features, images that have been upgraded for clarity and color-fidelity, revised and improved maps and architectural reconstructions, and more. Over 40 reviewers - both generalists and specialists -- contributed to the accuracy and readability of this edition. GARDNER's has built its stellar reputation on up-to-date and extensive scholarship, reproductions of unsurpassed quality, the consistent voice of a single storyteller, and more online resources and help for students and instructors than any other art survey text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

andbook to Life in Medieval and Early Modern Japan spans the beginning of the Kamakura period in 1185 through the end of the Edo (Tokugawa) period in 1868. The medieval and early modern eras in Japan were largely shaped by the rise of the warrior class. After 1603, with the founding of the Tokugawa shogunate, Japanese culture changed dramatically, but as cities grew and merchants thrived, the warrior class became less dominant. By the end of the Edo period, Japan's insular feudal society and military government became irrelevant in an increasingly consumer-oriented economy and thriving urban culture. The contribution of military rulers, celebrated warriors, and cultural innovators to medieval and early modern Japanese culture are well documented. However, life at the village level also had a strong impact on the culture. Covering both levels of society, this comprehensive guide provides insightful information on well-known people and peasants, artisans, shopkeepers, and others outside the periphery of power. Handbook to Life in Medieval and Early Modern Japan introduces the reader to the significant people and events-cultural, social, political, and historical-and the everyday experiences and elements of material culture during this time. Organized thematically, the text covers: History; Land, Environment, and Population; Government; Society and Economy; Warriors and Warfare; Religion; Philosophy, Education, and Science; Language and Literature; Performing Arts; Art and Architecture; Travel and Communication; Daily Life. Each chapter includes an extensive bibliography, and photographs and maps complement the text. Handbook to Life in Medieval and Early Modern Japan provides all the essential information for anyone interested in Japanese history, society, or culture.
