Like almost everything on the ELU 180 the tail stock live centre is non standard. That is why I suggested you get them to make it with a MT2 or MT1 fitting on that end. That way he will be able to buy standard Jacobs chuck and live centres to fit it. He will also find the Spindle thread on the main spindle is M18 x 2.5 Right hand thread which is non standard. It is possible to get thread ...
