The Book of the New Sun is a series of four science fantasy novels, a tetralogy or single four-volume novel written by the American author Gene Wolfe. It inaugurated the so-called "Solar Cycle" that Wolfe continued by setting other works in the same universe. Gene Wolfe had originally intended the story to be a 40,000-word novella called "The Feast of Saint Catherine", meant to be published in one of the Orbit anthologies, but during the writing, it continued to grow. Despite being published wit
