Since early childhood, communing with light beings and then working as a registered nurse for more than four decades, author Kathi Pickett has learned much about how the universe operates with the innate wisdom in your body to heal, to transform, and to manifest your desires. In *On Becoming You*, Pickett uses experiences from her personal journey to teach you the processes to gain personal power and a deeper understanding of how it all fits together with the energy and mystical laws to heal, manifest, and transform your life. It discusses: the mechanics of the energy system and the tools to foster health and vibrancy; how to heal through processes and tools that awaken you to your true nature; and how to invoke the nature of the highly structured,

impersonal universe to create synchronicities, magic, and miracles. On *Becoming You* invites you to find rhythm and enjoy the life you were meant to live. Through stories, it unravels mysteries in a clear language to provide new insights and knowledge that can be woven into your being. Pickett inspires you to embrace new beginnings, to release inevitable endings, and to ignite a transformation on becoming you.

Exclusive reactions are becoming one of the major sources of information about the deep structure of nucleons and other hadrons. The 2007 International Workshop held at Jefferson Lab in Newport News, Virginia, USA ? the world's leading facility performing research on nuclear, hadronic and quark-
