This series of 26 warm-ups reviews eligible Algebra I Keystone Exam content for the Pennsylvania Department of Education's Algebra I Keystone Exam. Each review section includes 5-6 multiple-choice questions and 1 two-part constructed response question. Answers for all questions are included as well as two complete practice exams per module.

This book reviews the necessary concepts that appear on the Pennsylvania Algebra I Keystone Exam - Module 1. The fifteen lessons include examples of how to complete problems and answer newly worded Keystone Exam questions. Each lesson includes 5 or 6 multiple-choice Keystone Exam style questions and 1 two-part constructed-response question about the topics covered in the lesson. Also included are two 20-question practice exams that include an answer key and scoring guidelines to gauge a student's ability level on the exam. Answers for all questions are provided to check the student's work and understanding.

Prepare students for Pennsylvania's end-of-course assessment with Keystone Finish Line Literature. Lessons are aligned to the Keystone Exams: Literature Assessment Anchors and Eligible Content, and provide plenty of practice with the types and length of literature found on the test. The book is divided into two modules with a review at the end of each: Module 1 focuses on fiction, such as plays, poems, short stories, and classic literature; Module 2 covers nonfiction, such as functional, instructional, expository, and argumentative texts. Just like the Keystone, many practice questions feature authentic texts with items that address Depth of Knowledge (DOK) levels 2 and higher and students will answer multiple-choice and constructed-response questions. Each lesson is specific to a skill or content area, and includes an instructional review, guided practice, and independent work.
