'A very unique cat-a French-Canadian Hinayana Buddhist Beat Catholic savant' Allen Ginsberg Through publishers stopped Maggie Cassidy's Jack Kerouac and On the Road's Sal Paradise from sharing the same name, Kerouac meant the books to be two parts of the same life. While On the Road made Paradise (and Kerouac) a hero of the disaffected and restless for generations to come, Maggie Cassidy is an affectionate portrait of the teenager that made the man - of friendship and first love - growing up in a New England mill town. Dulouz is a high school athletics and football star who meets Maggie Cassidy and begins a devoted, inconstant, tender adolescent love affair. It is one of the most sustained, poetic pieces of Kerouac's 'spontaneous prose'.

As befits a future President of the United States of America, Maggie Mayfield has decided to write a memoir of the past year of her life. And what a banner year it's been! During this period she's Student of the Month on a regular basis, an official shareholder of Coca-Cola stock, and defending Science Fair champion. Most importantly, though, this is the year Maggie has to pull up her bootstraps (the family motto) and finally learn why her cool-dude dad is in a wheelchair, no matter how scary that is. Author Megan Jean Sovern, herself the daughter of a dad with multiple sclerosis, writes with the funny grace and assured prose of a new literary star. A portion of the proceeds of the sale of this book will be donated to the National Multiple Sclerosis Society.

In this humorous and relatable novel from Newbery Medal-winning author Beverly Cleary, a girl must overcome her rebellious attitude toward learning cursive. At first, Maggie is just feeling stubborn when she declares she won't learn cursive. What's wrong with print, anyway? And she can easily type on a computer, so why would she need to know how to read those squiggly lines? But soon all her classmates are buzzing about Maggie's decision, especially after her teacher, Mrs. Leeper, says Maggie's cursive is so sloppy that her name looks like "Muggie." With "Muggie Maggie" ringing in her ears, Maggie absolutely, positively won't back down...until she's appointed class mail messenger. All the letters that Mrs. Leeper sends to the office are in cursive, and Maggie thinks they are written about her. But there's only way to know for sure...so what's Maggie going to do? For generations, Beverly Cleary has captivated readers of all ages with beloved characters such as Ramona Quimby, Henry Huggins, Ribsy, and Ralph S. Mouse. Muggie Maggie follows suit with what School Library Journal calls "a likable, funny heroine whom readers will want to know."
