As the world around it marches forward, the bucolic English village of Notwithstanding remains unchanged. It is, as it always has been, a place of pubs and cricket pitches, where local eccentrics—a retired colonel who has eschewed clothes, a spiritualist living with the ghost of her husband, and a dog named Archibald Scott-Moncrieff—almost fit in. In this delightfully evocative collection of stories, in which a young couple falls in and out of love by letter alone, an eleven-year-old boy battles a monstrous fish, and a man of the cloth has a premonition of death, Louis de Bernières conjures up a rural idyll long since forgotten. Funny, bittersweet, and deeply felt, Notwithstanding is the bestselling author of Corelli's Mandolin at his most enchanting.

Easy-to-read text with bright, full color photographs brings Nebraska to young students. Presented in a simple, easily understandable, "scrapbook" format, kids will truly enjoy opening this travelogue-like book. This 48-page book is filled with current state facts and statistical data. Important historical information segues to up-to-date details on cities, economics, geography, and climate. Checkerboard Library is an imprint of ABDO Publishing Company.

The storyline of the novel The Emancipated, written by George Gissing, is set in Italy. It depicts a group of British middle class intellectuals going on a tour through the countryside and doing things they might later either bless or regret. This book shows their adventures and search of identity.

Many writers and artists have undertaken the difficult task of recreating the image of Lenin for their contemporaries and future generations. The Blue Notebook by the well-known Soviet author Emmanuil Kazakevich (1913-1962) has become one of the most popular books about Lenin.A notebook in a blue cover actually did exist. In it Lenin jotted down notes for his famous book State and Revolution which he worked on in the difficult days preceding the Great October Socialist Revolution. At the time Lenin was in hiding at Razliv Station, from where he directed the preparations for the armed uprising."He was a passionate traveler, a hunter, a crack shot, a top-notch driver, the life of the party, witty and full of fun... Moreover, he was a truly courageous soldier." This portrait of Kazakevich was drawn by his contemporary and colleague, the writer Alexander Tvardovsky. During the Second World War Kazakevich, commander of a platoon, was asked to join the staff of the brigade newspaper. After working on the paper for a short while he asked to be transferred back to the front lines. "The front lines are important to me not only as a patriot, but as a writer, " he said. Emmanuil Kazakevich was born in the Ukraine in 1913, the son of a teacher. His first book, a volume of poetry, was published in 1932. He translated the works of Pushkin, Lermontov, and Mayakovsky into Yiddish.Kazakevich's first prose work, The Star, is a harsh, yet sensitive war story which gained him world fame. This was followed by Spring on the Oder, Heart of a Friend, Two in the Steppe, The House on the Square, By the Light of Day and The Blue Notebook, the author's last work.Kazakevich was twice awarded the State Prize forLiterature.

Biometrics has moved from using fingerprints to using many methods of assessing human physical and behavioral traits. This guide introduces a new performance evaluation framework designed to offer full coverage of performance evaluation of biometric systems.
