A first-hand exploration of how to consciously step out of your body and navigate the Quantum Akashic Field

- Details a step-by-step process of engaging extrasensory, out-of-body travel
- Examines the quantum landscape of the Akashic Field, meetings with spirit guides, and descriptions of out-of-body experiences from the author ' s personal journal and from world spiritual traditions, including the Bible and the Baghavad Purana
- Explores current theories about the science of consciousness and sensory perception, including discoveries from quantum physics, and how these discoveries align with the traditional wisdom of shamans, dowsers, and mystics

Physicists have recently

discovered a whole quantum-based reality, a multidimensional world where all potentials simultaneously exist. Called the Akashic Field by systems scientist Ervin Laszlo, it is the same quantum reality that mystics, shamans, and dowsers have been exploring for thousands of years through astral travel, spirit journeying, and energy work.

Revealing how to gain awareness of the Quantum Akashic Field through conscious out-of-body experiences (OBEs), Jim Willis shares fascinating firsthand accounts taken from the detailed OBE journals he has kept for nearly 10 years, alongside analysis of recent discoveries in quantum physics and wisdom from the world 's spiritual traditions. He details his own experiences with a wide variety of astral beings, spirit guides,

landscapes, laws, and activities that he encountered in the Quantum Akashic Field. Drawing on scientifically-based principles that underlie the very nature of biological life, he explains how the brain is an organizer, not a producer, of consciousness. He explores the difference between dreams, visions, and OBEs and powerful ways to harness the imagination. Detailing a step-by-step process centered on safe, simple meditative techniques, Willis shows how to bypass the filters of your five senses while still fully awake and aware and engage in extrasensory, out-of-body travel. Sharing his journey to connect with universal consciousness and navigate the quantum landscape of the Akashic Field, he reveals how conscious OBEs allow you to penetrate beyond normal waking

For thousands of years, mystics, masters, and sages from various world traditions have read the Akashic Records—a dynamic repository that holds information about every soul and its journey. Once reserved for a "spiritually gifted" few, this infinite source of wisdom and healing energy is now available for readers everywhere to answer questions big and small. How can I find freedom from my past? What are my life purposes? With *How to Read the Akashic Records*, healer and teacher Linda Howe offers the first book of its kind to help navigate these timeless "Records of the Soul." Drawing from more than 15 years' experience with the Akashic Records, Howe teaches us:

—Linda Howe The universe is alive—and it has a memory just like you. Known as the Akashic Records, this energetic archive of soul information stands ready to lovingly guide you. Once accessible to rare spiritual masters, now the Records are available to anyone—anytime, anywhere. After a lifelong search for truth, master teacher and healer Linda Howe has developed an infallible method for accessing this reservoir of information: the Pathway Prayer Process. By lifting you to a divine level of consciousness, this sacred prayer opens the doors of the Records, where your “ soul blueprint ” —everything you need to know about your soul's

But what dictates how something grows--from the division of cells in a human being to the fractal patterns of a crystal? Massimo Citro reveals that behind the complex world of Nature lies a basic code, a universal information field--also known as the Akashic field, which records all that was, is, and will be--that directs not only physical development and behavior but also energetic communication and interactions among all living and non-living things. Often called “ nonlocal healing, ” it is no longer a magical occurrence or a mysterious technique reserved for powerful shamans. Remote healing has moved from magic to science, and it can be learned. In this practical guide to the Sagi method of information medicine, Maria Sagi, Ph.D., reveals that nonlocal healing is a quantum science that works through the transmission of information and that its effects can be controlled and verified. integral theory of Ervin Laszlo, she explains that the universe is not a mechanical system composed of matter--it operates like an overarching network that runs on and is connected by information. Cosmic information “in-forms” and underlies the whole physical world, including the human body. Sharing stories of successful remote healings she facilitated and her interactions with pioneers Erich Körbler, Gordon Flint, and Franz Stern, Sagi shows that we can access the Akashic information field to diagnose illnesses, treat symptoms, and heal the causes of disease, whether we are in the same room as our patient or on the other side of the earth. Moving beyond the theoretical to the practical, Sagi explains how to diagnose and treat someone with information and how to attune to the

She shares techniques for transferring healing information across space and time by using geometric symbols to treat acute illnesses and infections and reduce pain. The author also explores how to integrate information medicine with homeopathy and how to diagnose through photographs, through the chakras, and through morphic patterns in the Akashic information field. Opening up a new dimension in the art and science of healing, Maria Sagi demonstrates that by working with the Akashic information field we can trigger the body ' s self-healing mechanisms and restore order to a person ' s energy and information systems.

Reality?, is the product of a half-century of deep contemplation and cutting-edge scholarship. Addressing many of the paradoxes that have confounded modern science over the years, it offers nothing less than a new paradigm of reality, one in which the cosmos is a seamless whole, informed by a single, coherent consciousness manifest in us all. Bringing together science, philosophy, and metaphysics, Laszlo takes aim at accepted wisdom, such as the dichotomies of mind and body, spirit and matter, being and nonbeing, to show how we are all part of an infinite cycle of existence unfolding in spacetime and beyond. Augmented by insightful commentary from a dozen scholars and thinkers, along with a foreword by Deepak Chopra and an introduction by Stanislav Grof, *What is Reality?* offers

Renowned authority on science and philosophy Dr. Ervin Laszlo explores the implications of the new quantum sciences to move beyond the of limits of reality as we know it—and find our way again in our “in-formed,” purposively evolving universe. Reconnecting to the Source is a powerful new book on the science of spiritual experience by Dr. Ervin Laszlo. A well-known figure in the fields of new science, consciousness, and spirituality, Dr. Laszlo has inspired some of today’s most important figures in science and philosophy. In Reconnecting to the Source he unpacks the science behind spiritual experience, investigating the

ways in which we can access realms of experience beyond the everyday. It is in these moments, when our conscious minds are in contact or perhaps even overridden by our unconscious selves, that we can explore the depths of spiritual meaning. In addition to a foreword by Deepak Chopra, the book includes new, never before published contributions from a long list of well-known writers and public figures—including Jane Goodall, Barbara Marx Hubbard, Zhi-Gang Sha and many more. Each contributor has written about a unique spiritual experience of their own, sharing moments in their lives that are outside of the boundaries of the usual and reflecting on the importance of these moments.
