If you've ever felt like you're stuck, unfulfilled, or that you've been consistently "playing small"-and yet there's something inside you that knows you're meant to do, feel, and be something more -then *Unblocked* was written for you. Leading empowerment coach, Margaret Lynch Raniere, has distilled years of experience and client success into a proven approach to help you overcome the blocks that stifle your potential. By leveraging the ancient chakra system and evidence-based Emotional Freedom Technique (EFT) also known as tapping, she's created a groundbreaking healing system to help you reclaim your inner power and transform your life. This book includes unique Healing Experiences that will guide you through actively unblocking the lower chakras (root, sacral, solar plexus, and heart). These "empowerment chakras" are the source of our power-and when they're blocked by long-buried pain and fear, we remain limited by self-doubt, procrastination, and a perpetual need to prove our worth. When those blocks are cleared, we finally stop "proving"-and start being-our most powerful, passionate, authentic selves. One by one, you'll free the "empowerment energy" contained in the chakras and unleash your innate superpowers. . . to be fearless and vulnerable, confident and real, strong and compassionate without needing to be "perfect." In addition, Harvard-trained psychoanalyst, Dr. David Raniere, highlights the psychology behind these transformative experiences, including practical tips on how to integrate them and elevate your level of feeling, speaking, and acting in your day-to-day life. Just imagine what you could

Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of *The Tapping Solution*, is at the forefront of a new healing movement. In his upcoming book, *The Tapping Solution*, he gives readers everything they need to successfully start using the powerful practice of tapping " or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping's proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers' eyes to just how powerful this practice can be.
