Final Act Spotlight 4 Js Taylor

At fifteen, Sanford Brunson Campbell (1884-1952) became enchanted with the new sounds of ragtime and ran away from his rural Kansas home, hopping a train to Sedalia, Missouri, determined to take piano lessons from a black musician he had never met. Scott Joplin nicknamed his white protege "The Ragtime Kid." A composer and entertainer at the dawn of the ragtime era, "Brun" was a prime mover in the ragtime revival of the 1940s and helped establish Joplin's prominence as one of America's most innovative composers. Campbell's own legacy was tarnished by his inability to tell a straight story and he was often dismissed as a liar and a clown. Based on his memoirs, musical compositions and correspondence with music industry notables, this first comprehensive biography of Campbell reveals an engaging storyteller and a devotee wholly dedicated to a musical genre that had been largely forgotten. His firsthand account of life as an itinerant pianist in the Midwest provides a unique picture of life a century ago.

The definitive account of the historic diplomatic agreement that provided a blueprint for ending the Cold War The Helsinki Final Act was a watershed of the Cold War. Signed by thirty-five European and North American leaders at a summit in Finland in the summer of 1975, the document presented a vision for peace based on common principles and cooperation across the Iron Curtain. The Final Act is the first in-depth history of the diplomatic saga that produced this important agreement. This gripping book explains the Final Act's emergence from the parallel crises of the Soviet bloc and the West during the 1960s and the conflicting strategies that animated the negotiations. Drawing on research in eight countries and multiple languages, The Final Act shows how Helsinki provided a blueprint for ending the Cold War and building a new international order.

This is a prequel to *Memoirs of an Unfinished Tale*, a summary of what the followers of Jesus did after Jesus was no longer present. Luke steps out of the text once more to communicate directly with Theophilus his companion—and with us—as if we all are meeting Jesus for the first time. What was it that drew everyone to Jesus in the first place? Luke arranges a revised script that brings the characters to life as actors and then calls us into performance alongside them. In such an imaginative world, there is no predetermined outcome of the story. Instead we find ourselves in a “ what-if ” restaging of Jesus ’ life and the responses of his followers. This is a fresh way of presenting the Bible, a method based on a rapidly growing movement in college and university classrooms called “ reacting. ” Nonetheless, it is in line with more traditional ways of understanding Scripture as performed in the context of liturgy. Within *Memoirs of How It All Began*, there are six different gaming applications intended to bring our generation into Luke ’ s world—or Luke into our world. At the same time, this book challenges the individual reader with creative poems and illustrations and a built-in system of interpretative questions for daily readings.

Byron ’ s and Shelley ’ s experimentation with the possibilities and pitfalls of poetic heroism unites their work. The Poet-Hero in the Work of Byron and Shelley traces the evolution of the poet-hero in the work of both poets, revealing that the struggle to find words adequate to the poet ’ s imaginative vision and historical circumstance is their central poetic achievement. Madeleine Callaghan explores the different types of poetic heroism that evolve in Byron ’ s and Shelley ’ s poetry and drama. Both poets experiment with, challenge and embrace a variety of poetic forms and genres, and this book discusses such generic exploration in the light of their developing versions of the poet-hero. The heroism of the poet, as an idea, an ideal and an illusion, undergoes many different incarnations and definitions as both poets shape distinctive and changing conceptions of the hero throughout their careers.

New historical insights into one of the most infamous episodes in the history of anti-Semitism Joseph Süß Oppenheimer— “ Jew Süß ” —is one of the most iconic figures in the history of anti-Semitism. In 1733, Oppenheimer became the “ court Jew ” of Carl Alexander, the duke of the small German state of Württemberg. When Carl Alexander died unexpectedly, the Württemberg authorities arrested Oppenheimer, put him on trial, and condemned him to death for unspecified “ misdeeds. ” On February 4, 1738, Oppenheimer was hanged in front of a large crowd just outside Stuttgart. He is most often remembered today through several works of fiction, chief among them a vicious Nazi propaganda movie made in 1940 at the behest of Joseph Goebbels. Investigating conflicting versions of Oppenheimer ’ s life and death as told by his contemporaries, Yair Mintzker conjures an unforgettable picture of “ Jew Süß ” in his final days that is at once moving, disturbing, and profound. *The Many Deaths of Jew Süß* is a masterful work of history and an illuminating parable about Jewish life in the fraught transition to modernity.

Pagodas in Play analyzes the treatment of China in the imaginative and spectacular world of eighteenth-century Italian opera. It shows how Italians used perceptions of Chinese culture to address local and transnational developments, particularly Enlightenment and secular reform initiatives. Its focus on the texts and performance practices of opera, an entertainment form accessible to a wide public, reveals cultural operations and identities harder to detect in non-fictional reformist writings, the texts traditionally privileged to explain Italian mediations of Enlightenment ideas. In its close reading of nine libretti of the most salient Settecento operas treating China (opere serie and opere buffe by authors including Metastasio, Zeno, Goldoni and Lorenzi), *Pagodas in Play* differentiates Italian iterations of Chinese culture from French and English counterparts. It further challenges certain tenets of orientalism, showing how it operates when nationalist and/or colonialist projects are absent, and how orientalist practices in eighteenth-century Italy exhibit early on the complexity some scholars locate only in the twentieth century. Adrienne Ward teaches Italian literature and culture at the University of Virginia.

Updated throughout with the latest data from the field, the new Ninth Edition of *Environmental Science* provides a comprehensive, student-friendly introduction to the environmental issues facing society today and offers numerous solutions for how we can create a more sustainable way of life. Chiras focuses on the underlying cause of environmental problems and is sure to present both sides of the issue at hand. Each chapter highlights critical analysis to help student determine how to approach these complex topics and determine the merits of the debates for themselves. The Ninth Edition includes updated and expanded coverage of environmental economics, ecology, and the application of science and technology as it applies to environmental concerns. - Updated and revised throughout to keep pace with the changes in the field. - New and updated Go Green marginal notes provide helpful, inexpensive, and practical tips which will help us all build a sustainable future. - Chapter 15, Foundations of a Sustainable Energy System, includes new content on energy-conservation options, fuel efficiency standards, electric cars, and 'green buildings'. - Stresses critical thinking skills by urging students to analyze complex issues and make rational decisions on key topics. - Spotlight on Sustainable Development boxes give students further insight into timely environmental issues. - Point/Counterpoint sections help students examine both sides of popular environmental issues. - Key Concept boxes highlight the crucial concepts that form the foundation of environmental science.

Thoroughly updated to include the very latest in environmental issues and concerns, the new Eighth Edition of *Environmental Science* provides an in-depth look at the environmental concerns facing the world today and offers many possible solutions for how we can move toward a more sustainable future. The author focuses on the root causes of many environmental issues through the use of Point/Counterpoints, and emphasizes critical thinking skills, asking students to analyze issues and determine the best solution to environmental problems.

If you love erotica-series like 50 Shades of Grey (E.L. James), Bared to you (Sylvia Day), Sinners on Tour (Olivia Cunning) or Fade into You (Kate Dawes) you'll love adult-romance Close Up and Personal... Actress and director. The stage is set for passion... Drama-school graduate Isabella Green wants to be a script-writer. But when she meets famous director James Berkeley, she's tempted into the glamorous world of acting. Behind the camera, the mysterious Berkeley commands discipline at all times. But Isabella soon discovers his dominant male tendencies also extend into the dressing room. Suddenly Isabella is discovering a side of herself she never knew existed. But she is also learning more about the alluring James Berkeley. Is his desperate past something she can help heal? Or will the flames of passion consume them both when the

cameras start rolling? Lights, camera, action... "Close-Up and Personal takes books like Bared to You to another level. Get ready for a sizzling new romance with celebrity."
