Writing Learning Objectives for Nursing A learning objective is a statement which explains a specific goal that you want to achieve in your future learning. The learning objective should be something that you can measure by doing specific activities within a definite time frame. Use the SMART framework when you are writing your learning objective so that it is

Writing Learning Objectives for Nursing

In writing your own learning objectives, keep some of these key pointers in mind: Trade generic verbs for strong academic skills. If the word "understand" is in your objective, replace it. Remember that if your students have obtained or deepened one skill by the end of your lesson, it's been ...

Well-Written Examples of Learning Objectives

Writing SMART goals Let's revisit the "Provide good service to all customers" objective from the beginning of this article. This is the sort of objective that leads to what we call "the dreaded annual appraisal". We're going to show you how to turn that vague statement into something that'll make a real difference.

The Easy Guide to SMART Goals and Objectives

Steps towards writing effective learning objectives: Make sure there is one measurable verb in each objective. Each objective needs one verb. Either a student can master the objective, or they fail to master it. If an objective has two verbs (say, define and apply), what happens if a student can define, but not apply? Are they demonstrating mastery?
